"5. Chile - March 1969 Congressional Election.

a. Mr. Broe spent additional time on the proposal to support the 1969 congressional elections in Chile. He pointed out that the monies asked for by Ambassador Korry were not the more conventional handouts to party and leader but were in effect a reserve to assist individual moderates to be carefully selected in an effort to brake the leftward drift toward a popular front which threatens to engulf Frei.

b. By early planning, a country team setup, and personal direction of Ambassador Korry, significant results are possible.

c. The committee approved the project with the proviso that monthly progress be indicated to the committee from this moment on."
